FIELD NAME	FIELD DESCRIPTION - CONTRACTS TAB	FIELD DESCRIPTION - PURCHASE ORDER TAB
Fiscal Year	Given contracts can cross fiscal years, Fiscal Year is determined by the start date of the contract.	Fiscal year is based on the purchase order transaction date
Contract Number	The contract number assigned by the University of Illinois	The purchase order number assigned by the University of Illinois. POs will only be reported once per quarter with the most up to date information. University is not posting new and change order POs separately if they happen in the same quarter.
Contract Action	N = a brand new contract C = any change to a contract (amendment, change order, etc)	N = purchase orders without a change order C = purchase orders with a change order on record
Vendor Name	The name of the party the UI contracted with	The name of the party the UI contracted with
Current FY Amount	Given contracts can cross fiscal years, the amount reported is the value of the associated contract, amendment, or change order regardless of single or multi-year term.	The sum of the amount assigned to the purchase order as of our most recent information
Contract Term From	Beginning date of the contract	The first occurring purchase order transaction date associated with the purchase order (the earliest encumbrance date)
Contract Term To	Ending date of the contract	The latest occurring purchase order transaction date associated with the purchase order (the latest encumbrance date)
Description of Goods/Services	Description of goods/services consists of the University of Illinois contract type description associated with contract, amendment, or change order	Description of goods/services consists of the University of Illinois accounting description associated with the purchase order
